

Husky Safari in Lapland

Weekly from 22nd Nov 2009 to 17th Apr 2010

Come and enjoy our wonderful dog-sled safari in the beautiful winter scenery in the Northwest of Lapland. You drive your own dog-sled team of 4-6 dogs.

The daily distances are between 25 and 40 kilometres, depending on your own health and the weather conditions during the safari. During the rest periods you can admire the untouched naturally beautiful landscape which is all around you. You can take photographs, or just let the silence surround you. The nights along the way will be spent in simple wilderness huts, or in wooden Lapp tents.

Day 1

Arrival at Kittilä airport, transfer to Muonio, Harriniva Holiday Centre. Get together with the safari group and a short introduction to the programme of the next days. Dinner in Harriniva. Overnight in cosy log cabins.

Day 2

After breakfast you will be provided with safari equipment. You meet the dogs, the sleds will be packed and you will be taught how to handle the sled. Start of the safari.

Day 2-6

The safari will take you through the beautiful winter scenery close to the Pallas-Ounas National Park in West Lapland. Overnight stays in simple but cosy huts with sauna, but without shower, wc and electricity. You take care of your dog team and help to prepare the meals together. Breakfast and dinner are prepared in the huts, the light lunch by open fire in the wilderness. During the safari we make short rest periods as wished. The route will take you through the beautiful forest scenery, partly close to the open fell-region, over frozen lakes and along rivers.

Day 6

During the afternoon return to Harriniva. In the evening a farewell dinner in Harriniva. Overnight in cosy log cabins near Harriniva.
